

NOTICE OF SECOND OPEN HOUSE

Port Alma Wind Project

Kruger Energy Port Alma Limited Partnership ("KEPA") is proposing to construct a wind power project in the Municipality of Chatham-Kent in the geographic townships of Romney, Tilbury East, and Raleigh (please see inset).

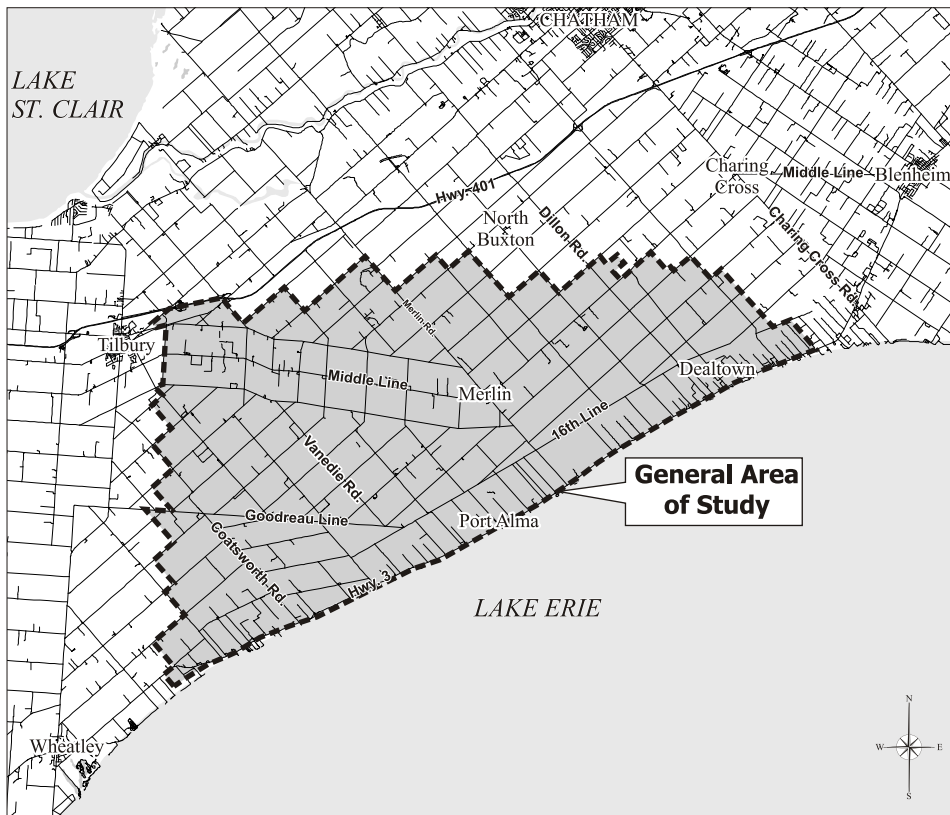

The project was initiated in response to the second Request for Proposals (RFP) issued by the Government of Ontario in June 2005. The Port Alma Wind Power Project will be designed to generate 101.2 megawatts (MW) of power using 44 wind turbines.

KEPA has retained Stantec Consulting Ltd. ("Stantec"), an environmental consulting firm, to prepare an Environmental Screening Report ("ESR") as required under Ontario Regulation 116/01 of the Environmental Assessment Act. The ESR will be completed as required for a "Category B" project under the Ministry of the Environment's screening process, outlined in their "Guide to Environmental Assessment Requirements for Electricity Projects" (March 2001). As applicable, the Port Alma Wind Project will also have regard for federal requirements. KEPA and Stantec will work with the appropriate federal agencies to ensure the project meets the requirements for a screening level study under the Canadian Environmental Assessment Act.

To learn more about this project, and to provide your input to the planning process, you are invited to the Second Open House at:

When: September 7, 2006
Time: 4:00 to 8:00 p.m.
Where: Merlin Community Hall
150 Aberdeen Street
Merlin, ON

The Second Public Open House will provide the opportunity for stakeholders to review displays of the proposed project layout, the environmental screening process, as well as to provide comments to the project team. We hope that you will attend the Open House, but if you are not able to join us, as always, we welcome your input. To provide the study team with your comments or for further information, please call our toll-free project information line at 1-866-599-9024 or e-mail us at kepawind@kruger.com.

Written comments can also be mailed to:

Michael Cookson
Manager, Wind Power Section
Kruger, Energy Inc.
3285 Chemin Bedford
Montreal, Quebec
H3S 1G5

Information will be collected and used in accordance with the Freedom of Information and Protection of Privacy Act, and solely for the purpose of assisting KEPA in meeting environmental assessment and local planning requirements. This material will be maintained on file for use during the study and may be included in project documentation. With the exception of personal information all comments will become part of the public record.
